

Kayaniv is a collection of American-designed automatic and quartz watches for the discerning collector. Every watch in our collection has been carefully selected by watch enthusiasts to satisfy the Kayaniv Code of Precision, Durability, and Legibility. Our watches seamlessly blend Swiss horology with precision engineering to create unique time pieces.

**Precision, Durability & Legibility**

# Achiever

**Achiever**—Perfect for business or a casual night out. The Achiever features a stunning round case with brushed and polished surfaces. The overlapping circular sub-dials with an embedded date window adds an elegant flair to an otherwise simple dial. Go ahead, over achieve!

---
